PROJECTS

RAGEBOARD | JAVASCRIPT, HTML, CSS, JQUERY

github.com/walid-i/rageboard

Take your anger out on your keyboard in a productive way, using RageBoard. The on-site keyboard will shake with your rage and the background changes from a calm blue to a deep red as you type faster. This project as a team for KnightHacks 2020.

SPEED READER | JAVASCRIPT, HTML, CSS, JQUERY

github.com/walid-i/speed-reader

Read walls of text faster than ever before. This project will take inputted text and display each word in quick succession at a user-specified rate.

SNAKE GAME | JAVASCRIPT, HTML, CSS, P5.JS

github.com/walid-i/snake-game

A simple snake game made as my first project. This game was made from scratch using P5.js
